This RapidRun installation will save the contractor more than \$60.00 per project!

Multiply your savings per project to show GREATER ROI!

Comparison assumes the contractor is making an RGBHV cable for an HD front projection installation. Figure an average cost of 5-Mini Coax in a bundle at \$0.956/ft, 10 high quality solder type BNC connectors, a qualified installer making about \$65.00/hr taking an hour to prepare and terminate 10 connectors.
